

GERALD FRANZ I. BERJA

Computer Science Student | Aspiring Frontend Developer

General Trias, Cavite | 0951-647-6049 | aisat.berja235979@gmail.com

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

OBJECTIVE

Computer Science student at AISAT currently developing skills in HTML5, CSS3, and JavaScript, with growing exposure to React and Tailwind CSS. Passionate about building responsive and user-friendly web interfaces, with academic and personal projects to demonstrate real-world frontend skills. Seeking a Frontend Developer OJT or any other related position to further develop these skills and grow within a development team.

EDUCATION

AISAT — Dasmariñas, Cavite

Expected 2027

Bachelor of Science in Computer Science

AMA — Las Piñas City

2021

Senior High School — Technical-Vocational-Livelihood (TVL) Track, Programming

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript

Web Development: HTML5, CSS3, React, Tailwind CSS, Responsive Design

Tools & Platforms: Git, GitHub, VS Code

PROJECTS

Personal Portfolio Website — *Personal Project* — [Live Site](#)

- Designed and developed a fully responsive personal portfolio site using HTML5, CSS3 and JavaScript to showcase technical skills and completed projects.

Team Portfolio Website — *Academic Group Project* — [Live Site](#)

- Collaborated with a team to design and build a multi-page portfolio website using React and Tailwind CSS; independently handled UI design and component development for the entire project.

Coffee Shop Website — *Concept Project* — [Live Site](#)

- Built a clean, responsive website concept for a coffee shop using HTML5, CSS3 and JavaScript, applying modern UI design principles and mobile-friendly layout techniques.

Online Tuition Payment Portal — *Personal Project* — [Live Site](#)

- Developed a responsive student payment portal for AISAT College featuring a fee breakdown dashboard, multiple payment methods (GCash, Maya, BDO, BPI, Over the Counter), and payment history tracking using HTML5, CSS3, and JavaScript.

Inphic G61 Landing Page — *Personal Project* — [Live Site](#)

- Built a responsive product landing page for a gaming keyboard brand featuring a hero section, features, gallery, customer reviews, and FAQ using HTML5, CSS3 and JavaScript.

CORE COMPETENCIES
