PROFESSIONAL SUMMARY

Computer Science student at the Asian Institute of Science and Technology (AISAT) with hands-on experience building responsive websites using HTML, CSS, JavaScript, and React. Skilled in version control with Git/GitHub and in developing clean, user-focused interfaces both independently and as part of a team. Eager to apply strong technical fundamentals, adaptability, and a collaborative mindset in an OJT, internship, or entry-level role.

EDUCATION

AISAT — Dasmariñas, Cavite <i>Bachelor of Science in Computer Science</i>	Expected 2027
AMA Las Piñas — Las Piñas City <i>Senior High School — Technical-Vocational-Livelihood (TVL) Track, Programming</i>	2021

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript
Web Development: HTML5, CSS3, React, Tailwind CSS, Responsive Design
Tools & Platforms: Git, GitHub, VS Code

PROJECTS

Team Portfolio Website — *Academic Group Project*

- Collaborated with a team to design and build a multi-page portfolio website using React and Tailwind CSS; independently handled UI design and component development for the entire project.

Personal Portfolio Website

- Designed and developed a fully responsive personal portfolio site using HTML5 and CSS3 to showcase technical skills and completed projects.

Coffee Shop Website — *Concept Project*

- Built a clean, responsive website concept for a coffee shop, applying modern UI design principles and mobile-friendly layout techniques.

Academic Programming Projects

- Completed coursework projects in programming and web development, strengthening core skills in logic building, structured programming, and front-end design.

CORE COMPETENCIES

Communication • Problem-Solving • Attention to Detail • Adaptability • Time Management • Team Collaboration
